ACADEMIC AND COOP STATUS:

Bsc. Computer Engineering Cooperative Education Program.

Expected Graduation Date: June 2017.

Completed Academic Terms: 5 of 8.

Completed Coop Work Terms: 3 of 5 (as of August 31st 2015).

Next availability: May 2015 to August 2015.

Work Experience:

15th January 2014 -- Present:

Collaborative Media Group, Edmonton Alberta

Software Developer

I work entirely on the back end code and tools on a small team at this start up company developing custom social networking solutions for numerous organizations.

25th April 2013 -- 30th August 2013:

Department of Electrical and Computer Engineering, University of Alberta

Software Analyst and Developer

I worked on APIs and frameworks that the department used for wide ranges of application like graduate student to professor applications and pairing, a REST-ful API that they used for other Web apps, a proof of concept application for server information management and many others.
